Alamo Industries Ltd. is a premium turbocharger repair and supply company. Established in 1978, we have locations in the Calgary area (Rocky View County) as well as Edmonton and Seattle. We deliver seamless, proven results to customers in Canada, the United States and throughout the world.

Each location maintains a comprehensive stock of turbochargers and related turbocharger parts and components.

Our employees are highly skilled specialists. Many established their careers collaborating and working alongside other professionals within the different industries that utilize turbochargers (including Oil and Gas, Off-Road and On Highway, Agriculture, Power Generation and Marine).

Alamo Industries Ltd. turns 47 in August

**and we want to show our appreciation
to our customers for continuing to trust us
with their turbocharger needs.**

During the month of August, customers who buy a turbocharger or have a turbocharger repaired by Alamo will receive a custom **ALAMO TURBOCHARGERS** keychain with their new or serviced turbocharger.

The names of our turbocharger customers from August will be entered into a September draw. Ten names will be drawn and those 10 individuals will win an **ALAMO TURBOCHARGERS** softshell jacket and a small, vintage Alamo keepsake.

COMING SOON

AUGUST 2025
